

## Experimental Pathology Seminars

Spring 2013

Date	Time	Room	Presenter	Title of Presentation
Tuesday, January 22	12:15- 1:15pm	1102 Scaife	Dr. Paul Monga	"Beta-catenin and HCC: Novel Roles and Regulation"
Tuesday, February 5 <b>CANCELLED</b>	12:15- 1:15pm	S100 BST	Dr. Shirish Paranjpe	"Concurrent Inhibition of MET & EGFR in Regenerating mice liver following a partial hepatectomy. Effects on survival"
Tuesday, February 19	12:15- 1:15pm	1105A Scaife	Dr. Galina Shurin	" Intrinsic and extrinsic regulation of the tumor immunoenvironment"
Tuesday, March 5	12:15- 1:15pm	1105A Scaife	Dr. Alex Soto	"Assembling a liver from scratch for transplantation"
Tuesday, March 19	12:15- 1:15pm	1101 Scaife	Dr. Tim Oury	<b>Cancelled</b>
Tuesday, April 2	12:15- 1:15pm	S100 BST	Dr. Alex Soto	"Assembling a liver from scratch for transplantation" Continued
Tuesday, April 16	12:15- 1:15pm	1101 Scaife	Dr. Kenichi Tamama	"The roles of early growth response genes in mesenchymal stem cells"
Tuesday, April 30	12:15- 1:15pm	S123 BST	Dr. Nahed Ismail	"Canonical and Non-Canonical Inflammasomes Regulate Host Response to obligatory Intracellular Bacteria"
Tuesday, May 21	12:15- 1:15pm	S100 BST	Dr. Partha Roy	"Profilin: regulation, dysregulation and consequences"
Tuesday, June 4	12:15- 1:15pm	1103 Scaife	Dr. Cary Wu	"Integrin signaling and human diseases"

*Experimental Pathology Seminars are open to faculty only.*

*Pizza and beverages are provided.*
